

Conference Center Building Guidelines

We are excited to welcome you as our guest to the Sinclair Conference Center. In an effort to keep our staff and you, our guests, safe and healthy, we are asking everyone for their cooperation in following our guidelines. These food safety and COVID-19 guidelines have been created in alignment with guidance from the Ohio Department of Health.

- If you are symptomatic, please do not enter the Conference Center. Symptoms include cough, shortness of breath or difficulty breathing, fever, chills, muscle pain, sore throat or new loss of taste or smell.
- Masks or face coverings must be worn when in common areas, i.e. Registration, Buffet lines or in restrooms. Please do not congregate in common areas.
- Maintain social distancing of at least 6 feet. Where applicable, observe floor markings denoting the 6 feet spacing guidelines.
- Utilize only the Lot C underground parking garage entrance assigned to your group for your event. The campus remains closed at this time. Your group will only have access at the assigned entrance.

We hope you enjoy your event and feel safe while visiting us.

Kindest Regards,
Sinclair Conference Center
